

**THE RESOURCE CENTRE; INSTITUTIONAL INTERIORS**

Institution - /insti'tju:ʃən/ noun

- A) Foundation
- B) A society or organization established for some object especially cultural, charitable or beneficent, or the building housing it.

The RESOURCE CENTER houses the offices and the learning centre of AWESOME TREASURES foundation.

The RESOURCE center was a derelict building renovated to serve as a base for the foundations community impact initiatives.

It houses seminar rooms, flexible office spaces for use as virtual offices for budding entrepreneurs, the offices of the foundation and a boardroom for strategic group meetings.

*Reception, Resource Center*

## AMBIENCE AND SELF ESTEEM

AWESOME TREASURES was established to raise transformational leaders and therefore hosts economically disadvantaged women and youth and inner city dwellers at its training programs.

As a sharp departure from the usual Nigerian N.G.O environment, from the training rooms to the conveniences, the interiors were conceived with the intent to communicate to the beneficiaries the fact that the foundation considers them as “AWESOME TREASURES” Nigerians with potential and intrinsic worth.

*Reception, Resource Center*

This has been successful as all the users from the primary school children being trained at the foundation's education camp held on the premises, to the youth and older women at its skill acquisition classes respond positively to the ambience of the resource centre and raise their aspirations.
